Mobility in Motion: Creating Accessible and Affordable Transit for All Delawareans

In 2020, Delaware Transit Corporation (DTC), operating as “DART”, launched the [Mobility in Motion](#) survey to understand the transportation challenges faced by many Delawareans, including issues related to disability, income, age, and lack of car ownership.

Since the launch of the **Mobility in Motion** initiative, DTC has continued to work toward redefining transportation and mobility options in Delaware. DTC invites you to share your travel experiences and provide valuable feedback through their 2024 [Mobility in Motion survey](#). Whether you walk, bike, or roll to your DART First State bus stop, your input is critical in identifying gaps and making meaningful mobility improvements in our transit system.

As a token of appreciation, everyone who completes the survey and provides their email or phone number will be entered into a drawing for a **\$50 gift card**. The survey will remain open until Friday, September 27, 2024.

Visit the webpage for the [Mobility in Motion Survey](#) to share your experiences.
